and are subject to change without notice.
All offers are made subject to supply.

Please Read Carefully

PRICES F.O.B. MONROE, MICH.

We cannot accept orders calling for shipment on any specified date, for the seasonable nature of our business prevents this.

NO PAYMENT REQUIRED WITH ORDER

On our regular terms no payment is required in advance when you place your order. Full payment unless otherwise arranged is to be made upon delivery of your order.

EASY PAYMENTS AFTER DELIVERY ON ORDERS OF \$20 OR MORE

Orders of \$20.00 or more may be placed on Greening's Easy Payment Plan, and order paid for on convenient terms after delivery. (Details sent on request).

GUARANTEE OF REPLACEMENT

We will furnish for replacement without charge, any tree, plant or root, **EXCEPTING EVERGREENS**, purchased from us, that may fail to live from any fault of condition upon receipt, providing we are notified before August 1st following delivery and providing that all terms of payment have been complied with in full.

We solicit your orders on our record of ninety-five years of fair dealing and on the assurance of the treatment that we would expect were our positions reversed.

Signed,

THE GREENING NURSERY COMPANY

Monroe, Michigan

"SUPER SELECTED" means Fruit Trees propagated from parent trees that are known from Actual Tree Performance Records to possess the most desirable characteristics of the variety.

THE NEW "GRAHAM" APPLE (W)

U. S. Pat. No. 278

A NEW OUTSTANDING VARIETY. Similar to Northern Spy, but matures earlier in season, soon after the McIntosh. Stores well and retains exquisite Spy flavor without deterioration. Keeps flavor in cooking. Deep solid crimson in color. Bears young. See complete description in Catalog.

A Message of Importance

to our customers and friends about

Greening Nursery Products

As to integrity—an old Persian Proverb says:

"My son, the priceless ingredient of every product in the market is the honorable integrity of him who makes it—that quality stands for true worth. Consider well his name before you buy."

No line of human endeavor carries more of a trust of honor than does the nursery business—and knowing that trust—for ninety-five years—Greening's Nurseries have been mixing into their products "that priceless ingredient." We have labored unceasingly to make the name Greening mean much in its application to Nursery Products. By close intimacy with the simple laws that govern an honest effort to serve as we would be served, we constantly strive to merit the continued patronage of our friends and customers.

Ninety-five years is a long time in the span of American business life, and it is unusual for the ideals and pioneer sincerity of purpose to have been carried on for nearly a century, by one family.

"Born in 1850—Still Growing"

—is a slogan that is more than a "battle-cry" of business. It is a goal of attainment that involves constantly setting the stake ahead.

Greening Research

Ever alert to the trust reposed in us, Greening research is conducted by experts—under a merciless system of observation—record—and selection.

It is our unwavering practice to eliminate that which may prove below the exacting standards that we have fixed for Greening Merchandise.

To the vast field of new varieties and so-called novelties, we hold a tolerant but critical attitude. All are given fair trial, but it is the invariable Greening practice to hold fast only to those that have outstanding merit.

You may purchase Greening Nursery Products with the full confidence that Greening's have long ago instituted knowledge for uncertainty, and that Greening Nursery Products are the result of years of knowing definitely what to do, and consistently doing it.

We urge the earnest consideration of our friends, of the experience and record of our service.

**The GREENING NURSERY COMPANY
MONROE, MICHIGAN**
